

9th Annual Countermeasures Against Chemical Threats (CounterACT) Network Research Symposium

Date : Jun 15, 2015 - 08:00 AM - Jun 17, 08:00 PM

Event URL : <http://www.nyeeventslist.com/events/9th-annual-countermeasures-against-chemical-threats-counteract-network-research>

Organizer : The New York Academy of Sciences

Venue : The New York Academy of Sciences 7 World Trade Center

Location : 250 Greenwich Street, 40th floor ,
New York, , NY , US, ZIP: 10007 2157
Phone: 212.298.8600

□ Chemical threats — both accidental and deliberate — are of critical concern globally. The NIH CounterACT program was initiated by the United States government in 2006 to facilitate research aimed at improving therapeutic countermeasures and diagnostic technologies against chemical threat agents. In order to convene NIH CounterACT researchers and other leaders in the chemical defense field, Rutgers University Robert Wood Johnson Medical School, Rutgers University Ernest Mario School of Pharmacy, New York Medical College, and the New York Academy of Sciences will host the 9th Annual CounterACT Network Research symposium titled, Countermeasures Against Chemical Threats, on June 15–17, 2015. This symposium will bring together chemists, toxicologists, drug developers, pharmacists, clinicians, and public health researchers. The convening will offer NIH CounterACT scientists the opportunity to present their latest research findings for the purpose of sharing this information with their fellow researchers and Program Officials.

A group of preeminent investigators in the fields of chemistry, disaster preparedness, and toxicology have aided the scientific staff at the New York Academy of Sciences in shaping the preliminary Conference program.

Scientific Organizing Committee: Members of the Rutgers University CounterACT Center of Excellence

Jeffrey D. Laskin, PhD, Rutgers University Robert Wood Johnson Medical School

Debra L. Laskin, PhD, Rutgers University Ernest Mario School of Pharmacy

Diane E. Heck, PhD, New York Medical College

Donald Gerecke, PhD, Rutgers University Ernest Mario School of Pharmacy

Marion Gordon, PhD, Rutgers University Ernest Mario School of Pharmacy

Patrick J. Sinko, PhD, Rutgers University Ernest Mario School of Pharmacy

Ned Heindel, PhD, Lehigh University

Laurie B. Joseph, PhD, Rutgers University Ernest Mario School of Pharmacy

David A. Jett, PhD, National Institutes of Health

Local Organizing Committee

Paul J. Lioy, PhD, Rutgers University Robert Wood Johnson Medical School

Brooke Grindlinger, PhD, The New York Academy of Sciences

Siobhán Addie, PhD, The New York Academy of Sciences

Presented by

NY Medical College

Rutgers - Robert Wood Johnson

Rutgers - Ernest Mario

Event Categories : HEALTH AND MEDICINE CONFERENCES, SCIENCE AND TECHNOLOGY CONFERENCES,
