9th International Conference on Science, Technology, Engineering and Management 2017 (ICSTEM 2017)

Dubai, UAE

19th & 20th September 2017

<http://www.icstem.com/>

The 9th International Conference on Science, Technology, Engineering and Management 2017 (ICSTEM 2017), is a premier event that address the new advancements and challenges in the field of Science, Engineering and Technology. ICSTEM 2017 will be held in **[Hyatt Place Hotel, Al Rigga, Dubai, UAE](#)** during **19th & 20th September 2017**.

It aims to bring together leading academicians, Scientists, Researchers, Scholars and Students to exchange and share their Knowledge, experiences and research results on the aspects of advancements in Sciences, Technological, Engineering and Management. This forum will provide opportunity to network and discuss the practical challenges encountered and the solutions adopted in their respective domains worldwide.

Journal Special Issues:

ICSTEM 2017 coordinates with authors and Journals to ensure high quality research work could achieve esteemed publication. According to this initiative all the registered papers in ICSTEM www.nyeeventslist.com

2017 will be recommended for publication consideration with Indexed Journals according to the participating Journal publishing policies and requirements.

Call for Paper - ICSTEM 2017

ICSTEM 2017 provides a leading forum for the presentation of new advances and research results in the fields of Science, Technology, Engineering and Management. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. Accordingly, Topics of interest for submission include, but are not limited to:

Basic Science

- Advanced Chemistry
- Advanced Physics
- Applications of Computation as a Scientific Paradigm
- Biomaterial technology
- Environmental Studies
- Medical chemistry
- Medicine, Pharmacy and Biotechnologies
- Micro Biology
- Nanomaterials and Nanocomposites
- Numerical Algorithms
- Rubber, Plastics, Textiles and Leather

Food& Agriculture

- Agricultural Machinery
- Bio Fuel
- Biotechnology
- Food Processing
- Food Safety
- Forest and Natural Resource Management
- Hi-tech technologies in secure food packaging
- Irrigation & water management
- Molecular Biology and Genetics
- New strategies in food packaging

Electrical Engineering

- Analog and Digital Electronics
- Economic models for e-business
- Electric Drives and Control
- Electrical Machines
- Instrumentation Engineering
- Power Generation, Transmission and Distribution
- Power System Engineering
- Renewable Power Generation and its Efficient Utilization
- Signals and Systems

- Smart Grids Technologies & Applications

Mechanical& Industrial Engineering

- Avionics
- Computer Integrated Manufacturing
- Design and Manufacturing Engineering
- Industrial and Systems Engineering
- Materials Science and Engineering
- Mechatronics and Automation
- Operations Research
- Production Planning and Control
- Textile and Leather Technology
- Total Quality Management

ICT

- Accessing and Constructing Digital Information
- Cloud Computing
- Communication Networks and Security
- Computer Organization and Architecture
- Digital Communication and online communities
- Information Systems and Software Engineering
- Network Management
- Signal Processing
- Software Engineering
- Web technologies

Civil Engineering

- Bridge and Tunnel Engineering
- Building Energy Conservation and Green Architecture
- Geotechnical Engineering
- High-rise Structure and Large-span Structure
- Modern Trends in Civil Engineering
- Municipal Engineering
- Structural Engineering
- Surveying
- Transportation Engineering
- Water resource Engineering

Business Management

- Business communication
- Business Mathematics and Statistics
- E-Business Technologies
- Engineering Management

- Enterprise Resource Planning
- Entrepreneurship Engineering
- Financial and Management Accounting
- Financial Management
- Human Resource Management
- Marketing Management
- Production Management
- Retail Management
- Social Science

Oil, Gas, Energy & Mining Engineering

- Drilling and Completion Technology
- Energy Demand and Supply
- Energy Sector opportunities and Challenges
- Environmental & Health Aspects
- Geomechanics
- Geoscience
- Metal Mining
- Mining Methods and Machinery
- Resource Utilization Issues
- Surveying, Mine Planning and Systems Engineering

Schedule:

Date of Conference: **19th & 20th September 2017**

Paper Submission:

Please submit your papers via email to info.icstem@gmail.com.

For more information about ICSTEM 2017, please visit, www.icstem.com alternatively you are also welcome to contact the organizing committee directly via info.icstem@gmail.com. Kindly feel free to forward this email to your research circle and give wide publicity to this Call for Paper for more potential contributors and participants to get benefited in this International Event.
