

Artificial Intelligence Innovation Summit

Date : Sep 18, 2017 - 07:00 AM - Sep 19, 05:00 PM

Event URL : <http://www.nyeeventslist.com/events/artificial-intelligence-innovation-summit-sep-2017>

Organizer : exlevents

Venue :

Location : San Francisco, CA 94016,
San Francisco, CA, US, ZIP: 94016
Phone: +1 929 900 1853

The banner features a dark background with a glowing blue fingerprint graphic on the right side. The text "September 18-19, 2017 // Hyatt Regency San Francisco Airport // San Francisco, California" is at the top right. The "ex events" logo is on the top left. The main title "ARTIFICIAL INTELLIGENCE INNOVATION SUMMIT" is in large, bold, blue and pink letters. Below the title, there is a subtitle in white italicized text: "Learn How the Life Science and Healthcare Communities Are Embracing Disruptive Technology and Deep Learning to Accelerate the Advancement of Patient Care, Drug Development and Medical Device Innovation".

ARTIFICIAL INTELLIGENCE INNOVATION SUMMIT

*Learn How the Life Science and Healthcare Communities Are Embracing Disruptive Technology and
Deep Learning to Accelerate the Advancement of Patient Care, Drug Development and Medical Device Innovation*

From nascent start-ups to the tech titans of the valley, Artificial Intelligence platforms are now ready to add significant value in healthcare and life science verticals. It has taken years of testing, coding and product development, but we are now on the cusp of a new wave in technology. Join us at the only AI focused meeting to properly select and integrate the right technologies into your health system or life science organization.

www.nyeeventslist.com

While applications, systems and platforms have been developed to transform clinical trial and healthcare innovation, there has not been a standard for benchmarking in AI's actual execution. At the only healthcare and life science focused **Artificial Intelligence Innovation Summit**, our diverse speaking faculty from accredited hospitals and leaders such as Google and IBM will provide key insights into the ethical standards of AI; explore the realistic steps to achieve successful AI execution; define the regulatory boundaries and limitations; review the necessary metrics to measure the success and efficacy of the AI system; and examine case studies on industry vertical use. Attendees will walk away with a greater understanding of the capabilities of AI and how to implement the platforms at their own organization.

Top Five Reasons to Attend

1. Assess your own organization's capabilities, limitations and resources to partner with an artificial intelligence platform that meets your needs
2. Accelerate industry growth through near-perfect patient enrollment, improved personalized medicine and immediate intervention capabilities
3. Navigate the regulatory and legislative landscape to define best practices that ensure patient privacy while maximizing data use
4. Harness big data and artificial intelligence to advance drug discovery
5. Establish realistic timelines to implement artificial intelligence in your organization to ensure organizational discipline and useful application

Who Should Attend

This event is designed for pharmaceutical, biotech and medical device professionals with responsibilities in the following areas:

- o Artificial Intelligence
- o Data Science/Management
- o Commercial/Clinical Innovation
- o Bioinformatics
- o IT
- o Computational Systems
- o Advanced Analytics
- o Healthcare Diagnostics
- o Modeling Platforms
- o Machine Learning
- o Drug Development
- o Deep Learning
- o Medical Imaging
- o Clinical Research/Development
- o Genomic Profiling
- o Personalized Medicine
- o Business Development
- o Strategic Partnerships
- o Innovation
- o Automated Intelligence

This event is also of interest to:

- o Artificial Intelligence Engineers
- o Deep/Machine Learning Services
- o Consultants
- o Data Architect Vendors
- o Software Providers

Please contact the event manager Marilyn below for the following:

- For Tickets/Registrations,
- Discounts for registering 5 or more participants.
- If your company requires a price quotation.
