Teachers, counselors, social workers, psychologists, principals and juvenile court workers have travelled from Japan, Australia, Norway and Guam to attend this one-of-a-kind professional development workshop.

Other youth professionals have criss crossed the U.S. to attend, or braved winter snow storms to attend the **Breakthrough Strategies to Teach & Counsel Troubled Youth Workshop**. Still other dedicated educators and mental health workers have spent hours stuck in traffic in order to attend, only to later write on their evaluation forms that the class was "still well worth the trip."

On evaluation forms from educational tutors, substitute teachers, child therapists, after-school workers, residential treatment staff, teaching assistants and others, we sometimes learn that the participant had forfeited a day of pay in order to be able to attend the workshop but that it was "well worth a full day's pay."

Workshop Reviews

"I just can't wait to share your ideas with our staff. I really loved the way you tailored the interventions to the type of student. It was refreshing to finally get to attend a workshop where the presenter actually presented and didn't fill the workshop with 'touchy feely' activities with little relevance."

Sally McAfee, Coordinator of Alternative Education, Corvallis, OR

"We were desperate and there is now hope."

Sandra Carpenter, Teacher, Lancaster High School, Lancaster, OH

"Incredibly useful. Inspiring."

Caryn Curry, Counselor, Lincoln Elementary School, East Chicago, IN

"I attended a workshop several years ago...5, 6 or 7 years...I don't quite remember. But I remember the impact that workshop made on me like it was yesterday. I remember you handing out little strips of paper, giving each participant about 15 pieces of paper, with a wide range of problems young people face every day. Some were simply life situations, grandmother's death, argument with best friend. But some were so horrific...being molested, being hungry with no food in the future, being beaten. I realized that day that I never know what a kid may be facing everyday. So thank you again for that lesson that I have kept with me every day in working with my kids."

Cathy Harper, Mother Lode Job Training, Sonora, CA.

"Fantastically practical!"

John Taracko, Ohio Dept of Youth Justice Services, Columbus, OH

"10 on a scale of 1 to 10. I have been working with pre-school children, Headstart and High School students as a tutor. This session was very beneficial for me and the other academic instructors. I wouldn't change anything. It was great."

Elisa Mendoza, Coolidge High School District, Coolidge, AZ

"I didn't realize how much useful information could be crammed into 2 days."

Charles Groemer, Teacher, Bloomington, IN

“Because there has been such a huge change in students today vs. students from the 70’s, 80’s and 90’s, much more of this information needs to be available to all educators.”

Rose Hansen, Teacher, Mesa AZ Public Schools Alternative Ed

“Excellent! These techniques will work with even the most difficult students.”

Chris Adams, Teacher, Lockhart, TX Schools
