ICGN New York Event

22 October 2018

ICGN will travel to New York in the autumn of 2018 where we will be hosted by the New York City Comptroller. The carefully constructed agenda will feature leading speakers from around the globe and attract around 200 participants.

The rise of populism across the continent and the US has meant it is certainly no longer 'business as usual' and many are questioning the future implications for corporate governance. As policy continues to evolve, our expert speakers will explore the corporate governance questions for companies and their boards and ask how these developments may affect global investors.
