New York, NY, USA, ZIP: 10036
Phone: 888-207-9105

Want to make a decent and honest living as a gynecologist? This practical course stresses how to enhance your day-to-day office GYN practice with relevant, important procedures and therapies that are easy to master, comfortable to incorporate and solidly reimbursable. Upgrade your skills and clinical approach to meet the needs of your gynecologic patients for the future. Feel good about offering comprehensive, up-to-date information and services that will expand your gynecologic practice while making it more enjoyable and rewarding for you. Whether solo or a group, this course will change the way you practice medicine.

17.5 AMA PRA Category 1 Credits™
17 Category 1 College Cognate Credits

This course is designed for OB-GYN physicians, NPs and PAs who work in an office setting, and primary care practitioners who focus on women's health.
